The ram represents the power to penetrate, overcome, and achieve. It reflects the assertion of strength in creative ways to achieve a breakthrough. It is also associated with sacrifice. The ram serves as the icon for action, the fifth element of heroism.

Aries (??) (Greek: ????? Kriós, Latin for "ram") is the first astrological sign in the zodiac, spanning the first 30 degrees of celestial longitude (0° = ♈ < 30°), and originates from the Aries constellation. Under the tropical zodiac, the Sun transits this sign from approximately March 21 to April 19 each year.
