Description

An exceptional, Spanish, Baroque, walnut sidetable

As fine an example of this classic model exhibiting all the desirable features of Spanish Baroque furniture as can be sourced.

Spanish tables are prized for their characteristically thick, single piece tops and the 1½ inch thick, original top on this table has exceptional figuring and developed a rich colour and lustrous patina over time.

Spanish furniture is collected for its classic, pared-down qualities; simple, crisp ornament and bold turning. The drawer on this table is decorated with a simple geometric moulded panel and the legs have characteristic bold, ring and ball turnings.

Spanish furniture is also coveted for its ironwork and this table has the original iron escutcheon and an 18th century lock and key.
